**PREVIEW - 54TH EUROPEAN CONGRESS UFEMAT
KRAKOW - POLAND**

NEW ADHERENT AND COUNTRY MEMBERS

DECEMBER 2011 / JANUARY 2012

Dear Members,

At the end of this year it is a great honour for me to wish you all the best for 2012; I sincerely hope that 2011 was satisfactory for you personally and professionally.

On behalf of our president Mr. Giuseppe Freri many thanks for your confidence and loyalty to Ufemat this and previous year. We surely have placed our Federation on the radar this year and are committed to continue doing so in the next year.

In this Extra News edition we wish to inform you on our endeavours and projects for 2012.

Two new Country Members and three new Adherent Members in 2011 (to be confirmed in the next Annual General Meeting).

The current financial and economic situation in Europe is a serious threat to all our businesses, we all have to take measures to protect and develop our position in the market. However we should consider the words of Hilary Clinton: "Never waste a good crisis"!

The present situation should inspire us to take new initiatives and contacts like you can have at Ufemat might very well be the first step into the economic turnaround that is bound to come in the future!!

All the best for 2012 and see you soon,

MARNIX VAN HOE, MBA
SECRETARY GENERAL UFEMAT

welcome

**UFEMAT WELCOMES POLAND !
POLAND WELCOMES UFEMAT !**

28-30/09/2012
UFEMAT CONGRESS 2012

30.09.2012

**DELICIOUS BRUNCH BUFFET
AT THE SHERATON**

programme

Chers membres, chers amis,

L'ancienne capitale polonaise pour la première fois donnera hospitalité à un congrès de l'Ufemat.

Mais l'histoire et la splendeur de la voïvodie de Cracovie ne sont pas les seules raisons d'intérêt à participer à l'assise annuelle de notre Fédération Européenne.

Les thèmes du changement économique et du marché de la chaîne de la construction seront débattus par les membres de l'Ufemat avec l'aide d'experts de notre secteur.

L'innovation, la durabilité, la sécurité, l'architecture, la 'green economy', va permettre aux délégués d'enrichir leur connaissances pour donner un nouvel élan à la gestion de leurs entreprises.

Mais le congrès, en plus des sujets à caractère professionnel, nous permettra encore une fois, de solidariser (faire cause commune) en grande amitié entre tous les délégués des fédérations européennes dans une rencontre relationnelle avec un fort contenu éthique.

GIUSEPPE FRERI
PRÉSIDENT UFEMAT

new men

WPL LTD. - HAMPSHIRE UNITED KINGDOM

www.wpl.co.uk

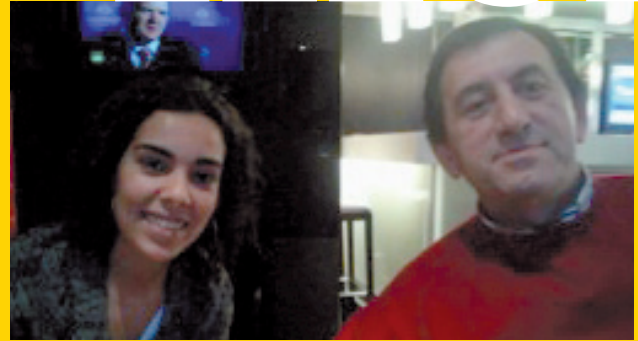

WPL provides innovative and reliable sewage and wastewater treatment, rainwater harvesting and grease management systems for domestic, commercial and industrial markets.

ECOBETON - ST. TRUIDEN BELGIUM

www.ecobeton.be

ECOBETON Water Technologies is specialized in individual wastewater treatment systems and has a solid experience in rainwater management, urban water management and industrial water management

ASEMACO - VIGO GALICIA - SPAIN

Through a contact that our President Giuseppe FRERI had in Bologna (Italy), at the occasion of the CERSAIE fair, we came into contact with the representatives of ASEMACO (www.asemaco.es). We had a meeting with Mr. Andres Sande and Mrs. Nuria Cabrera in Madrid and talked about their regional federation in Galicia.

Adherent

Members

To be confirmed by the next Annual General Meeting.

ANDIMAC - CASTELLON SPAIN

For those amongst us with a good memory, the representatives of our second contact were present at the Ufemat Conference in Berlin (2005): ANDIMAC, (www.andimac.org), a young National Federation of Building Distributors and associated groups.

We met Mr. Sebastian Molinero (Secretary General) and Alejandro Vazquez - CEO of IBERGROUP), in the fabulous ATOCHA train station in Madrid. ANDIMAC was founded 6 years ago, and has individual, regional and buying groups as different types of memberships. They have 1000 members from all over Spain. They employ 3 people. President: Antonio Ballester (Allicante)

POLAND

Polish Federation of manufacturers and distributors of construction materials. Established on 20th September 2011.

The purpose of its mission is to protect the economic interests of the members and to support their company's business processes during their commercial operations.
